### Startright Training

Over the past few years we have had many students who have attended Startright Training to complete their construction qualification.

We have always been extremely happy with what our students have achieved and the ways the course is adapted to meet our students' needs.

Our students look forward to attending and good progress is always made.

Staff have a good relationship with students, making learning enjoyable and allowing them to work to their full potential.

We will continue to send students to Startright and look forward to developing this partnership further.

Peter Stafford

St. Michaels C.E High School
